DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Independent claims 40 and 60 include all the limitations of allowed claims 38 and 65, respectively, in U.S. Application 10/815,330, and include the additional limitations of "displaying, on a computer display, a plurality of objects that provide a user with the ability to select one training course from a plurality of training courses" and "receiving input from the user that indicates the selection of the one training course from the plurality of training courses." Thus, the claims are narrower than the claims in the 10/815,330 application. A terminal disclaimer including this application was filed on 10/31/2007 in the 10/815,330 application and was accepted. No further prior art has been found. Claims 41-59 and 61-78 depend on claims 40 and 60 and are thus allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
